

RECYCLING GUIDE

Lamps & Lighting Products

- Fluorescent lamps (all shapes)
- CFLs
- HID lamps (metal halide, high-pressure sodium, etc.)
- Incandescent and halogen lamps
- LED lamps and retrofit lamps
- Specialty lamps (UV, shatterproof, horticultural, cold-cathode, neon)
- Broken or crushed lamps (all types)

Batteries

- Alkaline
- Lithium (primary & Li-ion)
- Rechargeable chemistries (NiCd, NiMH)
- Lead acid
- Specialty chemistries (silver, magnesium, mercury-bearing)

Automotive Materials

- Airbags & safety restraint devices
- Automotive switches (including mercury types)

Radioactive Consumer Devices

- Ionization smoke detectors
- Tritium exit signs

Electrical & Power Distribution Equipment

- Transformers (PCB & non-PCB)
- Capacitors (PCB & non-PCB)
- Circuit breakers & switchgear
- Power distribution components
- Electrical oils
- Wire & cable

Ballasts & Lighting Components

- Electronic and magnetic ballasts
- PCB and non-PCB ballasts
- LED drivers and lighting components

Electronics & E-Waste

- Computers, laptops & peripherals
- Monitors (LCD, LED, CRT)
- Printers, copiers & office equipment
- Servers & networking hardware
- Circuit boards & electronic components
- Telecom equipment, phones & radios
- Consumer electronics
- Cables & wiring

Medical & Dental Waste

- Sharps
- Dental amalgam
- Biohazardous materials
- Medical disposables

PCB Waste (All Types)

- PCB liquids
- PCB solids & sludge
- PCB transformers & capacitors
- PCB ballasts
- PCB-contaminated equipment

Mercury-Containing Materials

- Thermometers, thermostats & switches
- Relays, sensors & precision instruments
- Elemental mercury & contaminated debris
- Mercury-bearing lamps
